Discover the stories of Australia's convict women

Cascades Female Factory is Australia's most significant historic site associated with female convicts. It is located in the shadow of Mount Wellington, a short distance from Hobart's city centre. It was a self-contained, purpose-built institution intended to reform female convicts. Thousands of women and children were imprisoned at the site and many never left.

Visiting this World Heritage site can be both emotional and rewarding, creating a connection with the stories of female convicts in Australia and their children – stories are often tragic, but they also inspire hope and resilience.

Joining a guided tour of Cascades Female Factory is highly recommended as it will help bring the story of this challenging but very special place to life for you. The Heritage Tour is available several times each day and offers a guided introduction to the site and its stories.

Even more emotional is the dramatised walking tour Her Story. Part history lesson, part roaming theatre show, Her Story is a powerful depiction of the harsh life within Yard One of the Female Factory in 1833.

Cascades Female Factory is open daily except Christmas Day from 9:30am – 4pm
